Warm & Entertain. All Night Long.

The MERLIN® Fire Pit from SFL. The perfect addition to any garden.

STAINLESS STEEL WOOD BURNING FIRE PIT FEATURING CLEAN BURN TECHNOLOGY

Clean Burn Technology

The clean burn is achieved through a secondary combustion action that injects warmed air through angled top air vents, creating a vortex minimising smoke and increasing combustion efficiency.

Stainless Steel Construction

The combustion chamber is manufactured from 1mm thick 316L Marine Grade Stainless Steel for enhanced burning and corrosion resistance, creating boundless opportunities to light up your evenings.

Quick Easy & Setup / Clean

The 40cm fire pit is a cinch to set up. Combined with easy cleaning, ash and charcoal can be easily removed, the MERLIN® can look like new when the night is over.

Extend your summer with the MERLIN® Fire Pit.

Create an ideal (smoke-free) environment for outdoor gatherings at your home or on the move.

Whether chilling in the garden, down by the lake or enjoying some alfresco dining, the MERLIN® is perfect for creating a captivating and cosy atmosphere providing you and all of your guests with warmth in an outdoor space.

www.merlinfirepits.co.uk

All evening enjoyment for family and friends.

With a clean and natural flame, emanating warmth, MERLIN® offers a unique focal point, adding to the ambience of your environment long into the night.

The versatile MERLIN® complements outdoor activities such as garden parties, camping trips, picnics, beach days, hiking, barbecue, fishing, climbing, and much more.

PERFECT SIZE WHEN ENTERTAINING FRIENDS & FAMILY

Efficient, smoke free burn every time.

Forget dirty, smoking, inefficient old firepit technology, the MERLIN® 400 burns "Ready to Burn" virgin wood efficiently and smoke-free.

A secondary combustion action that injects warmed air through angled top air vents, creating a vortex minimising smoke and increasing combustion efficiency.

EFFICIENT & SMOKE FREE BURN EVERY TIME

Built in the UK. Made to last.

Each and every MERLIN® fire pit is hand finished at SFL's manufacturing plant in Barnstaple, Devon. MERLIN® is designed and constructed employing SFL's extensive knowledge designing and manufacturing stainless steel flue and chimney products in the UK. By choosing the MERLIN® you can be assured your fire pit is built with quality and durability and supports British manufacturing.
